IF WE ALL PULL TOGETHER

Germany said we coudn't raise an army—but we did. Germany said we couldn't transport that army across three thousand miles of ocean and through the U-Boat zone—but we did.

Germany said we couldn't train and equip that army in time to get into the fight—but we turned the tide of a victorious march on Paris, and won the war—won it months sooner than anyone believed possible.

Because the nation turned its whole thought and energy to winning the war, because every man and woman in America came forward freely to offer his or her time, dollars and effort to the great common purpose.

Today we are facing a new trial—and a nw opportunity.

And some men say that we cannot realize the era of prosperity that lies almost within our grasp, with its increase in industry and trade, its good wages and employment for all.

But we can—if we all pull together. A nation united in a common purpose wins victories of peace as well as victories of war.

The first step is to finish the job we have on hand, so that we can turn all our energies freely to the tasks ahead.

BEAT GUARDS IN RIOT

Negroes of Newport News in Conflict With Authorities

Newport News, Va., April 24—Military police last night were patrolling the negro section of the city with fixed bayonets as the result late yesterday afternoon of a near riot, which folowed the accidental wounding of a negro girl by a military guard. Authorities say they anticipate no more serious trouble.

Three of the military guards were severely beaten by negroes, who chased them half a mile or more in automobiles after the shooting. The negroes were going into military police headquarters after the guards when turned back at the point of the bayonet.

Sixteen were arrested, but later escaped in the crowd.

The military authorities say trouble started when a score or more negroes attempted to disarm the three guards when they stepped into stop a fight. One of the military police used his stick, a free for all fight ensued, and a negro who had been arrested took to his heels. A guard fired at him and the bullet after striking the pavement, lodged in the heel of a negro girl.

MILWAUKEE GIRL IN VIRGINIA

The Wisconsin News of Milwaukee, April 16, contains a double column cut of Miss Elizabeth Gregory employed at the plant of the Virginia Shipbuilding Corporation here and has the following to say:

"Miss Elizabeth Gregory, daughter of Mr. and Mrs. John G. Gregory, of 717 Jefferson street, is one of the Milwaukee girls who is occupying a responsible position through the changes which the war has brought about. She is secretary to the head of the auditing department of the Virginia Shipbuilding Corporation at Alexandria, Va., the quaint old town where George Washingtnn attended church, and where every other building is labeled with some note of historic interest. Mrs. Gregory has been spending the past month with her daughter, and is expected home shortly.

CONCERT TOMORROW NIGHT

A concert will be given tomorrow night at the Westminster Building for the benefit of the Payne Street Chapel. Mrs. Franceska Kaspar Lawson will be the stellar attraction.

The following explains her ability: At Davis and Elkins College. At the Grand Theater on Friday evening Mrs. Franceska Kaspar Lawson, soprano, of Washington, D. C., made her first appearance in Elkins. This artist has become well known in other parts of the country, particularly in the South and before college audiences, and it is to be regretted that Elkins has not sooner made her acquaintance. Those who knew that Mrs. Lawson has been soloist with the Philadelphia Orchestra were expecting to hear a mature and capable vocalist and their expectations were more than realized. She possesses all the qualities of a successful artist—technique, power, and sweetness of tone; purity of intonation; and, best of all, brings an artistic interpretation to each of hr offerings. Each number she sang gave the appearance of careful study and attention to detail. The voice itself is an unusual soprano of remarkable clearness and range and great flexibility. Her pianissimos were perfection and her trills unequaled. She was at her best in the Polonaise from "Mignon," which selection displayed tenique of a high order. —Elkins, W. Va., Randolph Review.

OWN YOUR HOME START BUILDING NOW

Many Choice Lots Available For Homes in Different Sections of City

PROGRESS BEING MADE

Seventy-Six Houses Just Completed in East Rosemont — Finishing Touches Being Put on Streets.

This is the time to build.

Every man should own his own home.

Build a home now and stop paying rent. Be your own landlord.

Alexandria today is crowded to its capacity.

If every man who can afford it would either build or purchase his home the present condition soon would be relieved.

The war restrictions have been removed on all material and all necessary supplies can now be obtained right here in Alexandria at reasonable prices. Spring is undoubtedly the best time to build.

There are hundreds of building lots in and around Alexandria all suited for home building. Alexandria is now broadening out and the old boundary lines have been extended as is well known, consequently that part of the city that was formerly looked upon as the center is no longer the center of the city.

In many cities the trend of building advances to the northwest and this may also be noted in Alexandria.

In many cities the trend of building advances to the northwest and this may also be noted in Alexandria.

A representative of The Gazette in making a tour of the northwestern part of the city yesterday was impressed with the splendid progress being made in that section of the city.

Buildings are being erected in beautiful Rosemont, one of the prettiest subdivisions, in this section.

This sub-division comprises a total of seventy-six acres and here are to be found many choice building sites.

This subdivision is under the supervision of the General Realty Corporation. Sewer, water and gas, electricity and all city convenfences are here.

East Rosemont also has been wonderfully developed by the General Realty Corporation. This company has just completed the erection of seventy six cosy houses of the cottage and bungalow variety, all of which are at present occupied by employes of the Virginia Shipbuilding Corporation. This tract comprises twenty-six acres and there are four streets laid ou known as Walnut, Maple, Linden and Spruce.

Engineers of the company are now engaged in the task of putting on the finishing touches to the streets, and other work also is being finished which includes sodding and grading. When the final finishing touches are put on this section will be one of the most attractive in the northwest part of Alexandria. Landscape gardners are doing the sodding and arranging for the planting of shade trees.

All of the homes in this attractive new subdivision have porches and are subject to screening. They are constructed of the best material obtainable and are regarded by the builders as warm and comfortable houses.

The entrance to East Rosemont soon will be by means of a forty-four foot concrete bridge which will be the full width of the street.

Work of constructing this bridge will be begun at once.

Potomas Fish Company will have on sale tomorow, fresh Jersey trout, Red Fin croakers, rock, flounders, roe and buck shad, white perch, fresh herring, Fresh oysters and clams, first of the season. C. H. Zimmerman, Proprietor. Phone 198. 98-1t.

ADDITIONAL TAX EXEMPTIONS

"In the Victory Liberty Loan Act, for the purpose of stabilizing the market for the 4 1-4 per cent Liberty bonds, Congress provided the following additional exemptions from taxation:

"1—The interest received on and after January 1, 1919, until the expiration of 5 years after the termination of the war, on an amount of bonds of the First Liberty Loan Converted, the Second Liberty Loan, converted and unconverted, the Third Liberty Loan and the Fourth Liberty Loan, the principal of which does not exceed $30,000 in the aggregate, owned by any individual, partnership, association or corporation, will be exempt from surtaxes, excess- profits and war-profits taxes now or hereafter imposed by the United States upon the incomes or profits of individuals, partnerships, associations or corporations. This exemption became effective upon the aproval of the Victory Liberty Loan Act, and is in addition to all other exemptions theretofore conferred and is independent of any subscription to notes of the Victory Liberty Loan.

"2—In addition to all other exemptions provided by law, a subscriber for notes of the Victory Liberty Loan will be entitled to an exemption from surtaxes, excess-puroflits and war profits taxes as to the interest received on and after aJnuary 1, 1919 on not exceeding $20,000 in the aggregate of bonds of the First Liberty Loan Converted, the Second Liberty Loan, converted and unconverted, the Third Liberty Loan and Fourth Liberty Loan, provided that he originally subscribes for and still holds at the date of his tax return, at least one-third as many notes of the Victory Liberty Loan. This exemption does not continue for 5 years after the termination of the war, but extends through the life of the notes of the Victory Liberty Loan so subscribed for and held.

MEETING TOMORROW NIGHT

All Urged to Attend and Hear Discussion on Council-Manager Plan
(Submitted by Citizens' Committee)

The citizens meeting to be held tomorrow night in the Auditorium of the Chamber of Commerce, has been arranged to discuss the details of the plan the Committee has recommended for Alexandria, for the consideration of the voters and tax-payers of Alexandria.

The Citizens Committee is anxious to have all tax-payers and interested citizens secure full data on this subject before arriving at definite conclusions, and the Committee calls attention to the fact that in advocating the Council-Manager Plan they are advocating a system, and no personalities enter into the discussion. In its final analysis the question will be decided by voters and tax-payers, and their vote will indicate whether they want a new form of government or whether they are satisfied with the present system.

In submitting the plan they have recommended, the Committee has every reason to think that this system will save money for Alexandria as it has saved it for other cities. This city having a rather high tax rate it is reasonable to believe an efficient organization should be able to reduce the tax rate, or at least to apply a considerable amount each year to liquidate the large floating debt that is at present encumbering the City.

The Council-Manager Plan is a system that takes the people into its confidence, and by keeping the people in touch with the details of their affairs is able to administer the city's business as the people want it administered.

Every tax-payer and voter has something at stake in providing the proper system of government for the administration of his city's business, and it is hoped that every one who possibly can will attend the meeting Friday night and help in analyzing this important matter in regard to the future administration of the local affairs.

GERMANY'S ARROGANCE

Count Brockdorff-Rantzau, German Minister of Foreign Affairs, who will head his country's peace mission at Versailles, is authority for the statement that Germany will not send its envoys to the peace conference for the purpose of receiving an uncompromising and an unalterable set of peace terms from the entente. That mission, he declares, will proceed to France when the time comes to negotiate with the enemy, to parley and dicker for terms which it may be able to submit to its own government with a recommendation that the final decision be accepted.

As the Richmond Times-Dispatch observes, "if Count Brockdoff-Rantzau is laboring under the impression that he and his associates will be able to bargain and jockey with the allies regarding the kind of peace which they must accept, then he is probably inviting the disappointment of his life. He must remember that he will appear at Paris as the representative of a defeated and a disarmed Germany. He will speak for a government and a people which have lost their standing before the world ;which have no right to mercy and which can only expect exact justice at the hands of their conquerors. "The war did not end in a truce. It did not end in an indecisive military deadlock. It did not end in a draw. It ended in a triumph of arms for the allied nations. It ended in the breaking of the German military machine, in the overthrow of the military party in Germany and in the addication and flight of the German Emperor. The terms of the armistice are sufficient index of this. None other than a vanquished and powerless nation would have surrendered as did Germany, in accepting that armistice, if it had not been crushed and impotent.

"The German peace commissioners, therefore, must appear at the peace table as the emissaries of a beaten nation. They must appear at the bar of the court, but to receive the judgment of the jury. And it is to be a verdict from which there is no appeal."

CARDINAL'S ENDORSEMENT

Cardinal Gibbons' whole-souled indorsement of the work of the Salvation Army breathes in every line a spirit of bread tolerance and democracy.

The legions under the guidance of Commander Booth well deserve that eloquent tribute, for, as the noted prelate so well observes, they have given their best service in the war without regard to race or creed.

It has made in the great war a record worthy of the high encomium of the venerable Archbishop of Baltimore, who says that he trusts that its appeal for its $13,000,000 budget will be heard by a generous American public.

SEVERE ARRAIGNMENT

Attention is often directed to the fact that Abraham Lincoln's original library consisted of three books—the Bible, Bunyan's Pilgirms Progress and Aesop's Fables—probably the most useful in the world. The Illinoisan was a self-educated man, and passages from his life are often quoted.

The little red schoolhouse on the hill and the more pretentious edifice of the cities were alike subjected to a severe arraignment in Baltimore this week by Dr. Henry E. Jackson of the United States Bureau of Education, at the meeting of the State Federation of Women's Clubs. The speaker demanded what would have become of Abraham Lincoln if he had been brought up in the public schools of the present day.

"He would have been given free milk," he pursued; "the oculist would have examined his eyes and fitted him with glasses, and the dentist would have attended to his teeth. In nature study he would be taught that the catbird does not bring up kittens. And in two years he would have made a rolling pin and tied it with pink ribbon, and in six would have been able to recite a stanza from "The Lady of the Lake."

"Later he would have gone to college, joined a Greek letter society, graduated and would never have harmed anybody."

"I think we should be grateful," the speaker added fervently, "that Abraham Lincoins education was left to Nancy Hanks and God."

FOR JUDGE RHEA

It is worthy of note that no candidate has appeared to contest with Judge William F. Rhea the honor of succeeding to the position now held by him as a member of the State Corporation Commission. While various potential candidates have been discussed in connection with the vacancy caused by the resignation of Judge C. B. Garnett, it seems to be the consensus of opinion throughout the State that Judge Rhea should be returned to his important post without opposition. In this opinion The Times-Dispatch concurs, because Judge Rhea has demonstrated to the public satisfaction an ability in the performance of his exacting duties which, with his long experience in State affairs, makes him a servitor whom Virginia is fortunate in possessing. It must be particularly gratifying to the judge that his fitness has been so well recognized as to preclude the probability of others offering against him, and it is more than a coincidence that he should be unopposed in the first popular election for a State Corporation Commissionership, inasmuch as he was in large measure rsponsible for the change in the law that took the selection of the commissioners to the vote of the people. Of that change he long had been a warm advocate, and the measure was enacted at the last session of the General Assembly. Judge Rhea has a strong hold on the confidence of Virginia citizens, and he has won it by the diligent and efficient manner in which he has dischanged the duties of his office. That confidence, and the constitutional requirement that one member of the commission shall possess the qualifications of a judge of the Supreme Court, lead the voters to unite in the hope for his unopposed election.—(Times-Dispatch.

WOULD PUNISH THE GUILTY.

The American woman has approached the Peace Conference with what is perhaps the most significant demand yet made upon that body. She has demanded that its rescue women effectively and forever from their hideous traditional fate as a part of the loot of war. Until the Germans swept into Belgium it was generally thought that woman's escape from that sad and squalid category was fairly complete among "civilized" nations. Germany's Turkish ally was, of course, known not to recognize in practice this curtailment of the spoils of a sacked city. The East was still under suspicion. The position of woman there was not sufficiently assured. But in the West she was a human being, a "mother" a "sister" or a "wife," and her person was thought sacred from the lust, the greed, the tyranny of even a power-intoxicated soldiery.

But the shameful barbarities inflicted upon helpless women in Belgium and Northern France by the soldiers of a nation which prided itself on its "Kultur" soon shook a complacent and nominally Christian world awake. The defenseless woman is not securely sacred in the West; and it therefore becomes the bounden duty of our Christian civilization to take steps, as an integral part of any just settlement of the issues raised by the war, to enshrine again the form of woman in that inviolable sanctity that we all fondly fancied she enjoyed already.

There is just one way to do this, and that is to punish every available brute who mistreated a woman during the war precisely as we would punish him if he had committed the same cowardly crime in a time of profound peace. —(Philadelphia Public Ledger.

PLUNGES FROM ROOF

New York, April 24.—In a terrific struggle with her husband on the roof of the six-story apartment house, at 507 West One Hundred and Forty-seventh street, Mrs. Ethel Shapiro, 34 years old, managed to tear loose from him and jump from the ledge to the sidewalk. She was killed instantly.

For several months the woman had been acting queerly, and her husband, Joseph, a cantor in a synagogue, had been watching her constantly in fear that she would carry out her repeated threats to take her life. The other day he followed her to the roof and discovered her climbing on to the ledge and making ready to plunge to the rear yard. When he sought to restrain her, she fought him furiously and broke from his grasp. Despite his frantic efforts to hold her back she succeeded in getting to the top of the ledge overhanging the roof and leaped to the yard.

Arthur Bickless, 19 year old son of the superintnedent of the building, went to the aid of Shapiro in an effort to prevent her from plunging to the yard, but she fought both of them off and climbed onto the ledge.

Mrs. Shapiro, the mother of two boys—Abraham, 6 years old, and Milton, 3—had been in poor health for a long time, and it is believed that her illness unbalanced her mind.

A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women as well as men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep in the pink of condition. 10c and 25c per box. All druggists.

The State corporation commission yesterday directed Oscar L. Shewmake, its counsel, to file a brief on behalf of State of Virginia, amicus curiae, in these cases. Mr. Shewmake will begin immediately the preparation of his argument, to have it properly filed by May 5, when South Dakota and Massachusetts will argue their cases in the United States Supreme Court.

KEPT HER AWAKE

The Terrible Pains in Back and Sides Cardui Gave Relief.

Marksville, La.—Mrs. Alice Johnson, of this place, writes: 'For one year I suffered with an awful misery in my back and sides. My left side was hurting me all the time. The misery was something awful.

I could not do anything, not even sleep at night. It kept me awake most of the night. I took different medicines, but nothing did me any good or relieved me until I took Cardui.

I was not able to do any of my work for one year and I got worse all the time, was confined to my bed off and on. I got so bad with my back that when I stooped down I was not able to straighten up again. I decided I would try Cardui. By time I had taken the entire bottle I was feeling pretty good and could straighten up and my pains were nearly all gone.

I shall always praise Cardui. I continued taking it until I was strong and well." If you suffer from pains due to female complaints. Cardui may be just what you need. Thousands of women who once suffered in this way now praise Cardui for their present good health. Give it a trial.

Mr. John Held, merchant, of Salt Lake City, keeps an exact record of the shoes he wears. He writes, "Two pairs of Neōlin Soles have worn for me 19 months and I am on my feet ninety per cent of the time."

This is not an extraordinary example of the money-saving service that people get from Neōlin Soles. It is typical of the experience millions are having. These soles do wear a very long time and so help you keep shoe bills down. They are scientifically made so they must wear.

Get Neōlin-soled shoes at almost any good shoe store. Get them for your whole family in the styles you prefer. And have these cost-saving soles put on your worn shoes. They are very comfortable and waterproof as well as durable. They are made by The Goodyear Tire & Rubber Company, Akron, Ohio, who also make Wingfoot Heels, guaranteed to outwear any other heels.

ASSAILANT KILLS WOMAN

Bloodhounds Rushed to Scene in Effort to Apprehend the Slayer

Norfolk, Va., April 24.— Mrs. Dorothy Schwab was shot through the heart and instantly killed, and her companion, Elinor Chatman, shot through the hip by a negro highwayman last night when they resisted his attempt to rob them. Police are scouring the city for the negro.

The negro accosted the couple at a dark spot opposite the cemetery and fired on Chatman when he reached for his pocket, after being told to hold up his hands. When Chatman fell to the sidewalk, the robber grabbed Mrs. Schwab and dragged her 100 feet down the street, finally shooting her through the breast, just above the heart, when she screamed for help. The highwayman again turned the gun on Chatman when he attempted to get on his feet.

Bloodhounds have been rushed to the scene, in the hope of trailing the negro.

WILSON CALLS ITALY'S BLUFF

Paris, April 24.—Italy's bluff, if it was a bluff was called by President Wilson yesterday in a straight-from-the shoulder statement which says to the world—"That Fiume can in no circumstances be awarded to Italy, but must serve as the outlet and inlet of the commerce of Hungary, Bohemia, Roumania and he states of the new Jugo-Slavic group—in other words that it must be internationalized.

That American and other nations, great and small, that entered the war after Italy know nothing and will know nothing of the secret Pact of London or any other "private understandings" that lie at the beginning of the war.

That the fourteen points are the principles for which America fought, and that they are the only principles upon which she can make peace.

The President's statement came as a bombshell, but it cleared the atmosphere. It had the full backing of Premiers Lloyd George and Clemenceau. They read and approved it three days ago and reread and reapproved it yesterday morning. M. Clemenceau remarking:

"Admirable in every way; I would not change a word."

Before the night is over Italy must reveal whether her ultimatum was or was not a bluff. If it was she will give in, perhaps by gradual stages, but nevertheless give in. If it was not, then her peace delegates will announce Italy's withdrawal from the conference and return to Rome forthwith. The general feeling here is that they will make good their threats and "pull out."

But they may put the question to a vote of the Italian Parliament, and in this procedure there is a faint ray of hope for an eventual amicable settlement, for it is held inconceivable that the Italian people as a whole would allow their country to fall from the position of one of the five "great powers" directing the league of nations to that of a virtual outcast nation, all for the sake of Fiume.

Paris, April 24.—The whole blame for the war is placed on Germany and Austria by the Peace Conference commission on the responsibility for the war in its final report, it is learned authoritatively late yesterday.

The report lists thirty-two indictments for crimes committed for no military objects, and gives the commission's opinions as to the degree of responsibility of the German and Austrian individuals involved, including the Kaiser.

CUT THIS OUT

Special Notice: Dr. Frederick Jacobson says that phosphates are just as essential to any woman who tires easily, is nervous or irritated, worn out or looks haggard and pale, to make a strong, robust, vigorous, healthy body, as they are to make corn, wheat or any vegetable plant grow strong and healthy. The lack of phosphates is the cause of all anemic conditions and the administration of 5-grain Argo-Phosphate Tablets will increase the strength and endurance 500 per cent in a few weeks time in many instances. I used to be in such misery during these attacks I had to have injections of morphine to relieve the pain. The pains in the top and back of my head nearly drove me frantic. I often got so dizzy I could hardly keep from falling. Nothing did me any good until I got Doan's Kidney Pills at E. S. Leadbeater & Son's Drug Store. NOT FOR MEXICO

Mexican Foreign Secretary Declares Country Has Not and Will Not Recognize Monroe Doctrine

Mexico City, April 24.—Acting Foreign Secretary Fernandez declared today that Mexico never has and never will recognize the Monroe Doctrine.

"Various nations engaged in the Peace Conference have asked the opinion of Mexico regarding the Monroe Doctrine," said Fernandez. "The reply is made:

"The Mexican republic has not recognized, neither will it recognize the Monroe Doctrine nor any other attack upon the sovereignty and independence of Mexico."

Fernandez also announced he had cabled instruction to Alberto Pani sent to France several months ago with credentials as envoy extraordinary and minister plenipotentiary, to leave immediately for Spain with the entire personnel of the Mexican Legation. Pani never has been permitted to present his credentials.

TRAP ASSAILANT

Armed State Troops Guard Easton, Md. Jail to Prevent Lynching

Easton, Md., April 24.—Isiah Fountain, the colored man who escaped from the jail here two days ago while he was on trial for his life, charged with assaulting a 14-year-old white girl, was recaptured yesterday afternoon in a barn sixty miles from here and near Marydel, Del.

Fountain was brought back here early yesterday evening and landed safely in the prison. No demonstration was made against him, although there was a large crowd around the jail when he was brought in. Speeches were made on the porch of the sheriff's home by prominent citizens, calling upon those assembled not to undertake any violence, but to allow the law to take its course.

Fear of lynching, however, has not subsided and the jail last night was guarded by 100 armed State militiamen. They were ordered to this duty by Gov. Harrington with the consent of the residents of Easton.

Fountain told how he had traveled by night and slept in the daytime. He had reached the farm where he was captured early yesterday morning, and after securing food entered a barn and hid under some hay.

One searching party visited the barn early yesterday morning, so Fountain said, and after looking around departed. Fountain said he watched the searchers through a small opening in the hay. The second searching party, however, discovered him.

The first thing Fountain said when found was: "Please don't hang me."

FAILS ON HIS THREAT

Troops go Home And Posse Will Pursue Edgar Morris, Mountain Clansman

Standardsville, Va., April 24.—Edgar Morris, clansman and gunman, apparently has postponed his threat to shoot up the local courthouse and town. His challenge from the Virginia hills, accepted by the Albemarle rifles rushed here from Charlottesville, was not carried out.

The grand jury meeting Monday indicted Morris for murdering Magistrate S. G. Sullivan, who had imposed a slight fine on him for assaulting a pastor here. A second indictment charged Morris with murdering James Morris at a Christmas dance.

It was to shoot up the grand jury that Morris threatened to leave his mountain retreat. The troops yesterday went home and plans were laid for continuing pursuit of the clansman.

CHICAGO RACE RIOTS

Bombs, Bullets, Clubs And Bricks Are Used in Fighting on The South Side

Chicago, April 24.—One negro will probably die, it was said today by Bridell Hospital attendants, as the result of a series of fights on the south side Tuesday night between white and negro residents. Brickbats, clubs, and bullets were used promiscuously and many on each side were hurt.

Fifty policemen were posted in the district after the outbreak had been quelled. Racial feeling has been gaining in intensity, the police say, since the encroachment of negroes from what is known as the south side "black belt" into a district farther southward. A number of bombs have been exploded in the district recently.

Victory Liberty Loan Medal

This is an official photographic reproduction of the Victory Liberty Loan medal which will be given by the United States Treasury Department to all members of local committees who render conspicuous service in the loan campaign which will be launched April 21. The medals will be about the size of a half-dollar. They are made from German cannon captured by American troops at Chateau Thierry. On one side of the medal is a reproduction of the United States Treasury building with the inscription, "Victory Liberty Loan." On the other side, with a space left blank for the owner's name, is the certification of participation in the bond campaign.

INGOMAR—Baby Marie Osborne

"The Sawdust Doll," the Pathe Program Feature, starring Baby Marie Osborne, at the Ingomar tonight, runs happily along, with smiles and laughter and amusing childish play, with occasional flashes of pathos, until, at its close, when it swings into swift, mature action developing into a big gripping climax, dominated by a heroic sacrifice of the sawdust doll.

RICHMOND—"Fatty Arbuckle"

Fatty Arbuckle is nothing if not a delight, no matter the nature of the comedy in which he appears. In his new country town comedy, "Love," which will be seen at the Richmond Theatre tonight. He treats his admirers with so many surprises that all wondor how he does them. His work with an old fashioned bicycle, as he rides with his dog, is excruciatingly funny and the complications following his unexpected marriage, are exceedingly humorous. No one who likes the comedy that Fatty always supplies should miss seeing this excellent farce.

SHOOTS TWO WOMEN

Jealous Man Then Leaves Their House and Commits Suicide

Slatington, Pa., April 24.—In a fit of jealous rage, John Strauss, aged 36, of Allentown, Saturday afternoon shot two women at Walnutport, on the opposite side of the Lehigh River from this place, then killed himself. Strauss' victims were Mrs. Oscar Fofel, 65 years old, of Walnutport, and Mrs. Anna Best, aged 32, her daughter, Mrs. Best had been housekeeper for Strauss for a few years, but recently left him and came to Walnutport to live with her mother.

Saturday Strauss appeared at the Fogel house and, following an unsuccessful effort to persuade, Mrs. Best to return to Allentown to him, opened fire with a revolver, wounding her in the breast. When Mrs. Fogel interfered in an effort to save her daughter she was shot in one leg. Strauss then went outside and put a bullet through his brain, dying instantly. The two women were rushed to the Palmerton Hospital, where they are in a critical condition. It is said that Strauss who was a widower, was enamored of Mrs. Brest and was very jealous of her.

PRISONERS ESCAPE

Three, Accused of Larceny, Twist Bar From Cell Window in Lynchburg

Lnchburg, Va., April 24.—William Houston and Thos. Austin, charged with housebreaking and larceny of about $3,000 worth of household goods, and Conley Coleman, awaiting sentence for robbing Oppleman's pawnshop broke jail here Tuesday morning at 1 o'clock. They opened the door of their cell and twisted a steel bar over a window out of place, escaping through an opening nine by ten inches, from which they dropped 10 feet to the ground. Other prisoners gave the alarm too late for City Sergeant Tyree, to see more of the prisoners than to watch them disappear over the jail ward fence.

REBEL LEADER EXECUTED

General Alvarez Faces Firing Squad of Carranza Troops

Vera Cruz, Mexico, April 24.—Gen. Francisco Alvarez, of the anti-Government forces, was executed at 11:30 o'clock Tuesday morning. He met his death at the hands of a firing squad with the utmost bravery.

General Alvarez was sentenced to death by a court martial here Monday. Alvarez was captured here last Tuesday in the battle in which Gen. Aureliano Blanquet, Minister of War in the Huerta Cabinet, was killed.

CLOSED ON SUNDAY

Judge Richardson Puts Lid on in Richmond

Richmond, Va., April 24.—Judge D. C. Richardson, sitting in the Hustings Court, on Tuesday decreed that Sunday selling in this city must cease and from this date on no ice cream parlors, soda fountains or similar places will be allowed to remain open on the Sabbath.

For the last several years it has been the custom of the city to allow the orthodox Jews to remain open on Sunday, provided they kept their doors closed one day during the week. The judge's ruling, however, will necessitate all stores being closed.

The action was taken following the hearing of the case of Aaron Rosenneim, who had been doing a thriving business in the commercial section of the city, in view of the fact that all other places are closed on Sunday.

JAILER REMOVED

Doctor Zinkhan Allowed Prisoner to Attend Easter Party

Dr. Louis F. Zinkhan was summarily removed by the District Commissioners last night from his position as superintendent of the Washington asylum and jail.

The action followed the admission by Superintendent Zinkhan that Deputy Superintendent J. C. Howard, on last Sunday night, had escorted a prisoner under indictment for first degree murder to an Easter party and dance.

Howard and the prisoner, Antonio di Bendetto, accused of killing his father-in-law, remained at the party for four hours and returned to the jail at 10 p. m. Superintendent Zinkhan according to Commissioner Brownlow, admitted he knew they proposed to attend the festivities and interposed no objection.

It was late Saturday night or early Sunday morning that Herbert L. Copeland, a colored man awaiting trial for the murder of three policemen, escaped from his cell and is now at liberty.

Deputy Howard and guards S. E. Garrett and J. A. Haas, who have been under suspension since the escape, were discharged with Dr. Zinkhan.

U. S. STEAMERS IMMUNE

Washington, April 24.—The Government maintained in a brief filed Tuesday in the Suprme Court that steamships owned by the Government were immune from suits for damages and other legal processes and that it remained for Congress to enact legislation providing for proper adjustment of claims resulting from operation of Government owned vessels. The brief was in the case of the Government owned vessels. The brief was in the case of the government owned steamship Lake Monroe which was libeled by the master of a fishing schooner after a collision last October 17, near Boston. The Government seeks to prevent the District Court of Massachusetts from assuming jurisdiction.

Banish Pain

THERE is no use talking—no one can work or play when they are not feeling well and strong. Life, without health and strength, is a mere painful, pleasureless existence.

One of the most important conditions of good health is to keep the kidneys normal and active. When weak or deranged, they do not filter out of the blood the impurities that should be eliminated from the system. When these impurities remain, the blood stream is poisoned and pain and suffering result.

Foley Kidney Pills

aid and assist Nature. They strengthen and invigorate weak or diseased kidneys and help them keep the blood stream pure and clean, banishing backache, rheumatic pains, stiff or swollen joints, sore muscles, and other symptoms of kidney trouble.

W. R. Fox, 195 W. Washington St., Noblesville, Ind., writes: "After suffering many months with kidney trouble, and after having tried other remedies for the same, I purchased a bottle of Foley Kidney Pills and took them. They not only did me more good than any other kidney remedies I ever have used, but they positively set my kidneys right. Other members of my family have used them with similar results."
